ABOUT THE COLLEGE

K.L.S. College, Nawada, is the oldest and premier Co-ed institution of Nawada district. The College started its journey in 1957 and runs under the sweet shadow of the Magadh University, Bodh-Gaya. Since then this college has been developed as an icon of teaching and learning process, infra-structural advancement, student and progression and overall development of a young generation of the state, particularly Nawada and Nalanda districts of Bihar state. The vision and mission of our College are to nurture and develop the underprivileged, rural and talented young generation into a responsible, independent and resourceful people for the Nation by providing quality and practical based education, guidance and helping them to find the new heights in the life. We aim at enlightening and empowering the youth to become a socially responsible citizen and to equip them to compete in a multi-cultural environment.

The college imparts teaching of more than twenty subjects of Arts, Science and Commerce faculties. Apart from basic and traditional courses, we have also introduced three-degree level professional courses including B.C.A., B.Sc. (IT) and B.B.M. in view of current employment opportunities and changing global perspective of the education and training. The College strongly believes in the all-round development of the students and has always encouraged them to participate and excel in NSS, Eco-Task Force, sports, cultural and co-curricular activities. Their distinction in different aspects has brought laurels to the institution. IGNOU study center is going to be opened in K.L.S College, Nawada from the coming academic year. Since last 3 years a Pre-Examination Training Centre is ongoing in K.L.S. College, under the Department of Backward Class Finance and Development, Patna. The multi-dimension academic activities have turned the college into Centre of Excellence, fully equipped to face the challenges posed by the growing demands in the traditional, teaching, commercial, and vocational and higher education fields. The College campus is fully Wi-Fi enabled. In the era of liberalization and globalization, the college has become ready with hi-technology to accept the challenge of the modern science, information and communication technology.

About the Seminar

The seminar on "Preserving and Promoting Indian Intellectual Heritage" will explore the rich and diverse knowledge systems that originated from India. It will focus on defining Indian intellectual heritage, highlighting its relevance in addressing global challenges, and addressing threats such as neglect, misappropriation, and language barriers. Key areas of focus will include traditional knowledge systems, philosophical and literary traditions, and digital preservation and promotion. The seminar will also address legal and ethical considerations, such as intellectual property rights, ethical guidelines, and biopiracy. The format of the seminar will include keynote addresses, panel discussions, paper presentations, workshops, demonstrations, exhibitions, and interactive Q&A sessions. The expected outcomes will be increased awareness of the importance of preserving and promoting Indian intellectual heritage, enhanced understanding of India's diverse knowledge systems, identification of strategies for documentation, preservation, and dissemination, and the establishment of networks among researchers, practitioners, and policymakers.
